

Green Schools

This year marked an important milestone for O'Carolan College with the establishment of our Green Schools Committee, made up of volunteer student members. The committee has focused on laying the groundwork towards achieving the school's first Green Schools flag, beginning with the Litter and Waste theme. Members attended the LMETB Inaugural Green Schools Conference in Trim, where they were inspired by the environmental initiatives taking place in other schools. This enthusiasm fed directly into the organisation of our first Green Schools Week, which featured themed activities and awareness-raising events. During the week, the school introduced recycling bins for the first time, alongside student-led education on correct recycling practices. Initiatives included a poster competition, lunchtime patrols by committee members encouraging peers to clean up and recycle, and a deposit return initiative where students could bring in eligible items and receive a treat in return. With strong student engagement and staff support, the committee has great aspirations for the future as we continue building momentum and working towards achieving our first Green Schools flag.

Green Schools Committee Members:

Kayah Cassidy
Molly Devin
Jessica Feehan
Thomas Hughes-Heffernan
Setanta Burke
Josh Carr
Bronwyn McCormack
Erin McCormack
Aleks Kromans
Rose Lanney
Stamatis Zoumboulis
Joseph Reilly
Ruby McEllin
Lisa O'Reilly
Harley-Ann Lynch
Jacob Moran
Naomi McDonnell
Amelia Lynch
Evan Kenny
Kate Meehan
